

## Pre-K Class Newsletter

<b><u>Important Dates</u></b>	<b><u>February 2012</u></b>
February 9- Scholastic Book Orders Due	Can you believe that we are half way through our school year? We have a very fun month ahead of us! February is Dental Health month and Black History Month, and we will also be celebrating President's Day and Valentine's Day! This month we will also be busy conducting assessments on each student in preparation for conferences in March.
February 14- Pass out Valentines	We will be studying the following letters: "Gg", "Ii", "Cc", and "Vv". The numbers we will study are as follows: 15, 16, and 17. We will no longer be focusing on shapes and colors, because your kiddos have become color and shape geniuses! Instead, we will be focusing on other concepts that will help your child prepare for kindergarten. We will introduce opposites this month, such as top and bottom, up and down, inside and outside, on and off, over and under, etc. We will also do a science experiment this month, as well as a few other fun things, which I am sure that your kiddos will enjoy!
February 14-16- Candy Land Week!	The week of February 14-16 will be a very exciting week for us. We will have a special Candy Land activity during our Music and Motion time on these days.
February 20- No School (President's Day)	On Tuesday, February 14 we will be passing out Valentines in our classroom. We will not be having a party on this day, and we will provide bags for each child to put their valentines in. We have found that it is much easier for your child to write only their name on each valentine, as opposed to writing their name as well as the name of each individual student that they are passing valentines out to. So feel free to write- From: your child's name To: blank. This just makes things a little bit easier for everyone!
